Announcement # 23-84   **Date:** December 04, 2023

Reminder: P3 Multi-Factor Authentication Set Up

As part of our commitment to maintain the highest quality and security of our client's data, Pennymac will begin to use Multi-Factor Authentication (MFA) technology to log into the P3 portal.

Please take a few moments to complete this setup process **in order to avoid any potential disruption to your experience with the P3 portal.**

There are two options to complete the setup process:
1. Go to: https://setup-mfa.pennymac.com?portal=p3 and follow the prompts to complete the process
2. Complete the process next time you log into P3

We appreciate your help. Please reach out to your Account Executive if you have any questions.
